

Music Committee Meeting – 11.02.2022

Attendance: DS (Music Rep), AW (President), KM (VP), JN (MAS President),

Apologies: IC (FCO), EW (Social Chair),

Absent: JW (Sports&Socs Chair), PF (Big Band President), ZS (Choir President)

Location: Conference Room

Cuth's Live

DS: New date for Cuth's Live is Thursday February 24th, night before feast

AP: AW to book the bar

DS: I will book all the bands this weekend, same structure as last time. There will be a solo act at the beginning and 3 bands. It will save time the next day for transporting equipment the next day for feast. I'll arrange getting it there and leave it in the JCR after. The timing is 8-11 for music. I want to try get more people in the JCR posting about it - would like to utilise Cuth's music instagrams more so they post about it and get it out. The last one was good and busy but would still like a push online about it. Cuth's music facebook page got 200 more views since. Last time I did the posts on my personal account but I don't know if an instagram would be worth setting up

AW: We could get a banner. Budget is about £300 for music comm

DS: I really like that idea and it would work with the position of where the bands are

AW: If you speak to TB you can get some lighting in, we could dim the bar lights and get some cool coloured lighting, A lil extra touch of professionalism. We could bring down the rug

DS: I do like that idea

AP: DS to look into getting a banner designed and printed

AP: DS to contact TB about lighting

Hires

DS: How did equipment hire work in the past? A few people borrowed things for fashion show and they didn't have a contract?

AW: This is really TB's job - our policy is that we only hire out if it s a Cuth's event

DS: I told them to bring it back by a specific time and they did, it was no problem

AW: It is not a proper contract, just a list of what and to who, t&cs like hired from this time till this time. We don't charge but it works as they've signed something to say they would bring it back

DS: I just said I need to know when to tell TB when to close the music room booking

AW: Hopefully we can get a second set of everything next term but we just don't have the space now. We don't offer a music equipment hire service - just internal hires for Cuth's events

DS: It is more important we have the spaces and equipment for students

Music Room Improvements

DS: In the music room is there anything you could think of to go in?

JN: Guitar cables?

DS: I always just assume people have them. There things for the drumkit - new skins

AW: That is worth doing, GET THEM BOUGHT

DS: Skins plus a new stool is what I was thinking about. Skins come to £70/80 but a stool is about £100. For the symbols the felts - these sorts of things don't cost a lot but would be good to have all these things. What is the procedure to use the music room budget?

AW: You have discretion on what to buy, just send it to IC

AP: DS to sort out drumkit improvements

AOB

JN: Can anyone run a quiz? I'd be keen to have like a music quiz

DS: We could have an open mic after and that will get people to stick around

JN: Could also use it as an event to raise money for charity
