Environment Committee Restructure Motion

RF: Should it be Publicity Manager or Publicity Officer?

DM: I don't think we should have two Publicity Officers with TC.

CR: The 'Students Union' should have an apostrophe.

LG: I think each role should have the responsibility of assisting the completion of the committee's primary aims.

Motion passed with amendments

Adding Year Abroad and Placement Rep to Welfare Committee Motion

CR: The name of the motion needs to be amended from 'Adding Year and Abroad and Placement Rep to Welfare Committee Motion' to 'Adding Year Abroad and Placement Rep to Welfare Committee Motion'.

DM: Change 'Local and Northern Student's Representative, International Representative,' to put them on separate lines.

GCT: Capitalise 'Postgraduate Welfare representative'.

Motion passed with amendments

Plain Text Manifesto Motion

CR: You could add a note that plain text is a form of 'digital accessibility'.

DM: You can reference NCAM.

Motion passed with amendment

Removing Targeted Questions Motion

AH: May be good to say when targeted questions were added instead of just 'recently'.

Motion passed with amendment

GovComm Accessibility

LG: Adult GovComm had a discussion about accessibility and Brooks' Bar was determined not able to be used for JCR Meetings. We are going to look at trying to get the TPA licensed.

RF: We also came to a conclusion that we will not be changing clapping.

LG: I'm going to start the meeting with a recap about accessibility and ask people to come forward if there's any issues.

DM: What do we do for questions with the microphones?

LG: How good is the audio?

DM: If I give RF a microphone with the candidate and attach the other microphone to the camera it will pick up the audio.

AH: I think a JRO could move around with the camera.

LG: My issue is from the centre you can't hear everything.

GCT: You could have the question repeated by someone into the microphone.

RF: I'd be happy to say it.

DM: Okay, RF will repeat the question into the microphone.

Meeting adjourned.
